## ABOUT FALL 2020 TERM

For the health and safety of our OLLI community, the Fall 2020 term will remain online. All classes will be live on Zoom and made available for on-demand viewing during the term. Some classes may provide an opportunity for an in-person class experience adhering to strict CDC & USCB guidelines. Participants who sign up for the Zoom class will be notified if the on-site class opportunity becomes available. More than 30 of our virtual OLLI classes will be available for on-demand viewing at the beginning of the Fall term. To participate in the Fall 2020 term, participants must have a valid OLLI membership through December 2020 and purchase the OLLI term fee of \$75.

### LIVE ON ZOOM

More than 70 classes will be live on Zoom this term. Enjoy virtually engaging with other members and instructors through live online OLLI classes. The Zoom link and information will be included in the enrollment confirmation email and reminder email (sent closer to start date). You can download a copy of your class schedule on our registration website. [www.oli.uscb.edu](http://www.oli.uscb.edu). Active links will be included in your class schedule.

### ON-DEMAND

Enjoy OLLI classes on your time. With on-demand, OLLI members can pause, play, fast-forward, rewind, and re-watch the class as much as they would like during the term. More than 30 of our virtual OLLI classes will be available for on-demand viewing at the start of the Fall term. Fall 2020 classes will be added to the on-demand library as the semester continues. Start viewing on-demand OLLI classes as soon as you purchase the Fall 2020 term fee.

# OLLI CODE OF CONDUCT

OLLI seeks to meet the needs of an engaged learning community and maximize the learning experience for all members. We promote a positive, educational culture. Please respect the rights of instructors and members through active listening and thoughtful discussion, especially if you are not in agreement with others' opinions. Monopolizing discussions, undermining the instructor's credibility, and being disrespectful in words or actions will not be tolerated.

**Sharing Zoom links and on-demand access is strictly prohibited. If you need any Zoom class or on-demand information please contact the OLLI office.**

## ZOOM ETIQUETTE:

- Keep your microphone muted throughout the course. Microphones can pick up noises that may disrupt the presentation.
- Use the chat feature to submit questions and comments during the presentation. OLLI staff will moderate questions and comments when the instructor is ready.
- Please be considerate of your surroundings if your camera is on during the presentation.

## ON-DEMAND:

- Please do not share your custom link and password from the OLLI on-demand library. Access to the on-demand library is for those who pay the Fall 2020 term fee.

Failure to follow the OLLI code of conduct can result in the revocation of on-demand privileges, removal from online class, or removal from the OLLI program.

Join our quick, hands-on practice sessions for ZOOM on your laptop or computer, whichever device you use for OLLI's online classes. These 15-30 minute coaching sessions provide an opportunity for you to learn how to successfully navigate ZOOM, identify the different features (mic, video, chat room) and ask questions while practicing. Press buttons and explore - you can't break it. We promise.

*You do not need to purchase the Fall 2020 term fee to join these mini boot camps.*

# CELEBRATING 30 YEARS

Hard to believe it has been 30 years, but it is so rewarding to know that great learning opportunities have been achieved! Who would have guessed that today's OLLI would be the result when a small ad was placed in the Beaufort/HHI newspapers announcing that anyone interested in forming a volunteer-led, volunteer-run life-long learning program at USCB was invited to an information session? Only a few programs existed in the country and one was at Duke. Their director and one member came to help. Would anyone show? Yes, over 200 people came with such enthusiasm that before the meeting ended, we had a steering committee and a significant group of volunteers. We knew that a strong curriculum was paramount, and many wanted to plan our first classes, but people were also ready to volunteer as instructors, office support, and any other needed job. The first name was the Creative Retirement Center, later changed to The Learning Exchange, and finally to OLLI when we were selected to become a member of the Osher family. The name may have changed but the mission of a strong life-long learning program has thrived until today. OLLI at USCB is one of the largest, most active, and successful programs anywhere. My gratitude to the thousands who over these years have made this celebration possible. Thank you.

**- Marge Yanker, Founder of USCB Lifelong Learning**

As I reflect on the 10 years as USCB OLLI Director, what resonates most is the foundation that Marge Yanker and her volunteer team built in 1991. It is this very foundation that allows the OLLI program to remain steady and flourish, even though a life-altering pandemic. Serving the lifelong learning community and membership is paramount in all decisions made by staff and volunteers. A wise OLLI Director once shared, "It starts with the member. If you keep this simple yet profound philosophy in thought and action, a program remains strong." USCB OLLI came to a screeching halt in the middle of an active term with 1831 members and 65 courses remaining this past Spring term. When Universities across the country transformed into ghost towns, those wise words shed light on our path forward. With a sense of adventure, a can-do attitude, and light on the path, we shifted very quickly to a virtual program. Our focus shifted to the member's ability to adapt to a virtual platform, most who had not experienced virtual learning. How do we get membership comfortable on ZOOM? One member at a time. Teach, coach, support. Repeat. Whatever it takes to support members to stay engaged in OLLI and its strong programming, their connectivity to each other, and the community, it remains a priority. We provide Zoom instruction in small groups, and a help phone line with upbeat, patient staff on the other end. For 30 years, serving the lifelong learning community, one member at a time. Thank you for your membership.

**-Andrea Sisino, OLLI Director 2009-Current**

## GOV100: POTUS ELECTION STATISTICAL STUDY

1 session | Thursday | 9/24/2020  
10:00 a.m. - 11:00 a.m. | Zoom

Will just 6% of the electorate determine the 2020 POTUS election? This course is a fast-paced review of the last four POTUS elections turn-out, the number of votes cast and voting behavior. Barely 50% of the electorate voted in the U.S., 26th of the 34 major democracies. Only 12% indicate they are truly independent, not leaning one way or the other. That 12% becomes 6% if just 50% voted. What if there was a more practical way to make an informed voting decision? Major corporations make multi-million-dollar product choices based on "Feature/Value" consumer research. The class examines how this process can be applied to choosing political candidates.

INSTRUCTOR: DOUG STOWELL's background is in corporate market research and public opinion polling. His career includes Director of Market Research for the Xerox Corp., U.S. Client Director for the U.K. firm National Opinion Polling, Ltd., and Senior Client Representative with Wirthlin Polling in Washington, DC. He opened his own company in 2002 and continues today conducting consumer and political issues surveys. He is an OLLI member and instructor for Furman University.

## HIS100: YELLOWSTONE: GILDED-AGE DISCOVERY, ART, POLITICS PRESERVE OUR TREASURE

5 sessions | Thursday | 9/24/2020, 10/1/2020, 10/8/2020, 10/15/2020, 10/22/2020,  
3:00 p.m. - 4:30 p.m. | Zoom

Share the discovery of Yellowstone through original 19th-century documents, maps, art, and photographs. Mountain man Jim Bridger's tales, Indian massacres, and vigilante hangings led to F. V. Hayden's 1871 survey expedition to Yellowstone. Scientific findings, Thomas Moran's art, and photos by W. H. Jackson led Congress to establish the first national park in 1872. With YouTube and Google Earth, class will build the transcontinental railroad and climb Mt. Washburn to see the heart of Yellowstone. Students will honor the majesty of Yellowstone's true stakeholders, bison, elk, wolf packs, and grizzlies.

INSTRUCTOR: MATTHEW HERMES, PhD is a research scientist, author, historian, curator, and has 32-patents. He led 22-Furman OLLI members through Yellowstone in 2018. Born in New York under the astrological sign of the Brooklyn Dodgers and to this day holds Ebbet's Field as his "Field of Dreams."

## TRA100: KEY WEST - WHERE THE WEIRD TURN PRO!

1 session | Friday | 9/25/2020  
10:00 a.m. - 12:00 p.m. | Zoom

Key West was once the largest city in Florida and described by Hunter S. Thompson as "When the going gets weird the weird turn pro." It continues to have

an interesting existence. Key West has never been labeled dull from its days as a major naval port, its secession from the United States, and beyond. While Ernest Hemingway and Jimmy Buffet once called it home, six-toed cats and free-roaming roosters still do. Did you know Duval Street is the longest street in the world? Discover another world in this class.

**INSTRUCTOR:** JIM NICHOLSON is an OLLI instructor for all South Carolina OLLIs. His career was in financial services, but he enjoys teaching and learning about other subjects.

## **SCI 100: MODERN WEATHER FORECASTING AND HURRICANES**

1 session | Monday | 9/28/2020  
3:00 p.m. - 5:00 p.m. | Zoom

Review of modern weather forecasting with an emphasis on hurricanes and related tropical storms. Hurricanes: What defines them vs other storms. Information from the National Hurricane Center (NHC) will be described and how to interpret what you see and hear in the media. Learn about other weather-related topics including damage from wind, tides, storm surge, and rainfall.

**INSTRUCTOR:** TOM JERNIGAN has a BS in Physics from Florida State University and a Ph.D. in Physics from the University of Wisconsin. He worked for the Oak Ridge National Laboratory for 40-years in Oak Ridge and San Diego.

## **PHI 100: WHAT HAS ATHENS TO DO WITH JERUSALEM**

1 session | Tuesday | 9/29/2020  
1:00 p.m. - 3:00 p.m. | Zoom

This perennial question was initially posed by the second-century Christian writer, Tertullian, implying the Judaeo-Christian tradition has no need to explore, much less rely on, philosophical traditions of ancient Greece to understand the message of the gospels. Curiously, over subsequent centuries Tertullian's successors have largely ignored his injunction. This course explores the work of a little-known French writer, Claude Tresmontant (1925-1997), and his notion the tradition of the

ancient Hebrew people itself provides a philosophical basis for furthering our understanding of important Judaeo-Christian themes. Tresmontant's philosophy avoids the complicated abstractions and terminology associated with traditional philosophy and manages to present conclusions in clear and understandable language. This life-long professor of philosophy at the Sorbonne has a new and different answer to Tertullian's question.

**INSTRUCTOR:** BRIAN CUDAHY was born and bred in Brooklyn, holds a Ph.D. in philosophy and teaches undergraduate courses at USCB. He has published widely on topics as diverse as the New York subways and religious history.

## **ING100: COFFEE AND A COOKING DEMONSTRATION WITH DEBBI COVINGTON**

1 session | Wednesday | 9/30/2020  
10:00 a.m. - 11:00 a.m. | Zoom

Join Debbi Covington as she demonstrates simple and delicious fall recipes from her cookbooks. Participants are encouraged to ask questions throughout the presentation. Recipes will be sent to those who attend.

**INSTRUCTOR:** DEBBI COVINGTON author of *Dining Under the Carolina Moon*, *Celebrate Everything!* and *Celebrate Beaufort*, Food Columnist for Lowcountry Weekly's Celebrate Every day. owner of Catering by Debbi Covington.

## **HIS101: A CHAUTAUQUA EXPERIENCE – DR. MARY EDWARDS WALKER**

1 session | Wednesday | 9/30/2020  
7:00 p.m. - 8:30 p.m. | Zoom

Fiery and determined, Dr. Walker fought ridicule and suspicion to become the only woman to serve as a Union Army physician during America's Civil War. Today, she remains the only woman ever to receive the Congressional Medal of Honor. While serving as a contract surgeon in Tennessee in 1864, Dr. Walker was arrested by the Confederates and imprisoned for four months in Richmond, Virginia. Walker was a devoted practitioner of reform dress--the wearing of trousers by women--and was arrested numerous times for

her scandalous attire. This 1.5-hour presentation has 3 parts. Part 1: Dr. Mary Walker monologue. Part 2: Questions for Dr. Walker in historical context. Part 3: Meet Debra Conner, Q & A about studying Dr. Mary Walker.

**INSTRUCTOR:** DEBRA CONNER began portraying Emily Dickinson in 1997, thanks to a fellowship from the National Endowment for the Arts. Since then she has added in-character portrayal of Margaret Mitchell, author of *Gone with the Wind*, and Civil War surgeon Dr. Mary Edwards Walker, the only woman ever to receive the Congressional Medal of Honor to her program.

## GOV101: MATRICULATING THE ELECTORAL COLLEGE

1 session | Thursday | 10/1/2020  
10:00 a.m. - 12:00 p.m. | Zoom

Only 538 people elect the President and Vice President of the United States. Why do we have this system? How did we get it? How has it changed? How well has it worked and what happens when it fails to elect a President? After surveying the Electoral College and its history, we'll discuss what it adds to our system and whether it should be modified or perhaps eliminated.

**INSTRUCTOR:** BRUCE FOREMAN is a graduate of Dickinson College and Penn State's Dickinson School of Law. He was an attorney, college instructor and long-time participant and observer of our political system. In 1992 he was a member of the Electoral College.

## ECO100: LIFE CYCLES ASSOCIATED WITH THE SALTMARSH

1 session | Saturday | 10/3/2020  
10:00 a.m. - 12:00 p.m. | Zoom

A bight is a curvature in a coastline and Beaufort County, with its rich saltmarsh community, is located right in the middle of the bend in the South Atlantic Bight. The saltmarsh is a highly productive coastal wetland found between upland areas and estuaries. The saltmarsh and its distinct water habitats preserve water quality and serve as a breeding ground and feeding

area for a variety of species. The saltmarsh is an important feature of Beaufort County. Learn more about its characteristics and the diversity of wildlife making the saltmarsh home.

**INSTRUCTOR:** AL D. STOKES, retired South Carolina DNR Biologist and former manager of the Waddell Mariculture Center in Bluffton after 40 years. A current SCDNR volunteer and marine shrimp production consultant.

## SPO100: ACE BASIN KAYAK TOUR

1 session | Saturday | 10/3/2020  
11:00 a.m. - 1:30 p.m. | Off-site

Paddle a kayak through the black water of the ACE Basin and learn about Rice Culture and its effect on the Lowcountry. This paddle is 3 miles long and suitable for beginners. Beaufort Kayak Tours supply kayaks, PFD's, paddles and guides. CDC guidelines are implemented to ensure everyone's health & safety. The following guidelines are required for participants: Masks during initial group instruction, social distancing at a minimum of 6' apart, participants are required to bring their own drinking water. All equipment will be sanitized prior to use by the vendor. Meets in Yemassee. *\$45 vendor fee.*

**INSTRUCTOR:** TERI POHORSKY has over 30 years of kayaking and teaching experience with a Masters Degree from Iowa State University as a Reading Specialist.

JIM POHORSKY, a graduate of Iowa State University, has experienced the Lowcountry from a kayak for over 25 years.

## COI101: PETROLEUM INDUSTRY- WHAT'S BEHIND THE PUMP

3 sessions | Monday | 10/5/2020, 10/12/2020, 10/19/2020  
3:00 p.m. - 5:00 p.m. | Zoom

The petroleum industry is an essential part of our lives. It fuels such diverse activities as transportation, military needs, manufacturing, and improvements in the quality of our lives. Plastics are a by-product of crude oil. Petroleum products provide us shelter and the heating and cooling of our homes. The search for crude

as a strategic national interest has also initiated the conflict and the recycling of by-products is proving to be a challenge. This class explores the petroleum industry and what we can learn about this essential element of modern living.

**INSTRUCTOR:** CARLTON DALLAS, a 34-year veteran of the petroleum industry, has managed assets in 71 countries on 5 continents. He earned Chevron's highest honor, the Chairman's Award for performance, during his last assignment as Regional Director for the Africa/Europe/Middle East/Pakistan Region.

## COM106: ZOOM MINI BOOT CAMP – COMPUTER & LAPTOP 4

1 session | Monday | 10/5/2020  
7:00 p.m. - 7:30 p.m. | Zoom

Join our quick, hands-on practice sessions for ZOOM on your laptop or computer, whichever device you use for OLLI's online classes. These 15-30 minute coaching sessions provide an opportunity for you to learn how to successfully navigate ZOOM, identify the different features (mic, video, chat room) and ask questions while practicing. Press buttons and explore - you can't break it. We promise.

## HIS102: ROUGH RIDERS IN AGE OF TRANSFORMATION

4 sessions | Tuesday | 10/6/2020, 10/13/2020, 10/20/2020, 10/27/2020  
10:00 a.m. - 11:30 a.m. | Zoom

America's Gilded Age was a period of great economic and social change. It raised issues and challenges which anticipated those we face today. One event brought Americans together and accelerated dramatic political change: the Rough Riders' charge up San Juan Hill. This course examines those changes through the lens of the "cowboys and college kids, cops and frontier sheriffs, football players and gold miners," who made the historic charge in 1898.

**INSTRUCTOR:** BOB TAYLOR is a former senior manager within both government and industry in Europe and Asia. As an OLLI instructor, he has taught classes on history, leadership, and intelligence.

## HIS103: MOST FAMOUS TORY IN GEORGIA AND SOUTH CAROLINA

1 session | Tuesday | 10/6/2020  
7:00 p.m. - 8:30 p.m. | Zoom

This class will focus on Bloody Thomas Brown (as he later became known) when he arrived from England to Augusta in 1775 and when he was approached to become a Minuteman. He sought refuge from the Governor of South Carolina and received an officer's commission in the Royalist Militia. He spent the next several years in revenge raiding farms and towns in South Carolina, Georgia, and Florida leading a group known as Brown's Ranger. Learn about his appointment as the King's agent to recruit the Creek and Cherokee Indians to fight the colonists and how he eventually died a very wealthy man.

**INSTRUCTOR:** THOMAS MIKELL, Attorney at Law, Citadel graduate with BA in History, University of South Carolina School of Law, Juris Doctorate, has extensive experience handling all aspects of quiet title and heirs property litigation. He is a featured history and law presenter to Beaufort organizations.

## HIS104: THE GREAT ESCAPE: SHACKLETON'S ANTARCTIC ADVENTURE

1 session | Wednesday | 10/7/2020  
2:00 p.m. - 4:00 p.m. | Zoom

Ernest Shackleton set out with 27 men to cross the Antarctic Continent, but before landing, his ship was locked into the ice and eventually crushed. The men were stranded on the Weddell Sea ice pack, and only barely managed to escape. Landing on Elephant Island, Shackleton left 21 of the men to survive while he and five others made an incredible small boat journey. Learn one of the greatest rescue stories of all time, with original photographs and those of the instructor's recent trip to the area.

**INSTRUCTOR:** Mark Jordan has taught and lectured on the Lewis and Clark Expedition, Shakespeare and other historical events. He travels to the sites he discusses and loves photographing them, including those photographs in his lectures.

1 session | Friday | 10/9/2020  
10:00 a.m. - 12:00 p.m. | Zoom

This course will educate individuals about their brain health. In their presentation, Maureen will cover the five simple brain healthy interventions, brain anatomy and physiology, stress on the brain, and the importance of hydration. Kim Baretta will join her to provide a detailed review of the Mediterranean diet (one of the five brain health interventions) with specific suggestions as to how to incorporate into your daily meal planning. This will include ingredient substitutions, cooking techniques and delicious fall-inspired recipes.

**INSTRUCTORS:** MAUREEN GLEASON is a Brain Health Specialist at Memory Matters. She is a graduate of the University of South Carolina and is a Certified Health Educator. She is extremely passionate about educating the community on brain health and positive lifestyle changes. KIM BARETTA is a classically trained chef with experience in catering and teaching cooking classes. She serves on the Board of Memory Matters. She educates the community on the importance of the Mediterranean Diet as it relates to brain health.

## HME101: CHRONIC PAIN: A JOURNEY NOT AN EVENT

1 session | Saturday | 10/10/2020  
10:00 a.m. - 12:00 p.m. | Zoom

Explore methods that can improve the quality of life for those living in chronic

pain and their caregivers. Learn how self-advocacy and a positive attitude can foster enhanced well-being. Discuss how to promote open conversation with your physician to promote a collaborative relationship. The class will explore new 'out of the box' thinking and research which will become mainstream, including pain-free clusters and reverse engineering of genetic code. Chronic pain is a journey that is ever-changing and not a series of unconnected events.

**INSTRUCTOR:** BOB FORTIER has an undergraduate degree in engineering and an MBA. He has worked in the pharmaceutical industry for 20 years and as an Engineer Manager for GE. He currently volunteers for Memory Matters in their community outreach program promoting lifelong learning.

### **PGD100: IDENTIFYING PURPOSE IN RETIREMENT**

1 session | Tuesday | 10/13/2020  
4:00 p.m. - 5:30 p.m. | Zoom

This class focuses on the all-important personal aspects of preparing for and living in retirement. Extensive, in-depth interviews of retired men and women from around the country show there a set of personal transitions we must navigate as we approach and enter retirement, a set

of unique opportunities afforded us as we enter this new phase of life, and finally a set of very real personal challenges we must face as we continue to age. Each area of personal transition, opportunity, and the challenge is explored as a way of equipping participants to have a more fulfilling and meaningful retirement.

**INSTRUCTOR:** JACK HANSEN, Ph.D., spent most of his career helping lead research organizations in the Federal Government (e.g., NASA) and universities (e.g., Penn State Applied Research Laboratory). Since retiring, he has written two books on the personal dimensions of retirement and worked with the OLLI National Resource Center on surveys of OLLI participants. He is active in the OLLI at Furman University.

### **HIS105: GRAND PIRACY: HOW CHARLESTON STOLE THE NAVAL BASE**

1 session | Wednesday | 10/14/2020  
10:00 a.m. - 12:00 p.m. | Zoom

From its founding, Beaufort boasted one of the finest harbors on the East Coast in Port Royal Sound. In 1896, the U.S. Navy completed the largest dry dock in America at Parris Island. With the harbor, the dry dock, and a vigorous maritime business, by 1900 Beaufort was poised to become the major commercial mecca that had been foreseen by many. But skullduggery and politics stole Beaufort's future as a great port and moved it 70 miles north. This talk will revisit the scene of the crime.

**INSTRUCTOR:** JOHN WARLEY is a graduate of the University of Virginia School of Law. The author of five novels and one non-fiction history of the Citadel, he wrote the Beaufort History Museum's exhibit on Reconstruction now on display at the Old Beaufort Firehouse.

### **HIS106: FROM SLAVERY TO THE LOWCOUNTRY GULLAH**

1 session | Thursday | 10/15/2020  
10:00 a.m. - 12:00 p.m. | Zoom

The Port of Charleston was one of the most active slave auction sites in the US. As a result, the majority of Black Americans can trace their lineage directly to the Gullah Geechee culture. Learn how Lowcountry

slaves created their own language and culture and went from captivity to freedom. The Gullah Geechee cultural story is an American story. It is a culture that has continued to maintain some of its African traditions and has been woven into our society as we know it today.

**INSTRUCTOR:** LUANA M. GRAVES SELLARS holds a degree in Journalism with a minor in Black History from Southern Illinois University. Upon moving to Hilton Head, Luana returned to her roots as a contributing writer for Local Life and Hilton Head Monthly. Her focus has been on Gullah culture, history, people, and native island issues.

## **TRA101: THE ART OF SLOW TRAVEL ITALIAN STYLE**

1 session | Thursday | 10/15/2020  
7:00 p.m. - 8:30 p.m. | Zoom

Slow travel is an exquisite art. It takes practice, learning to live in a culture, a history, and a language that isn't yours. Where better to start the practice of slow travel than Italy, a country notorious for long, leisurely lunches followed by afternoon siestas and an evening passeggiata before a slow three-hour dinner? Creating the best wines, cheeses, olive oils, artists, and lovers requires a slow, steady hand. It's an art, a matter of style, taste, and patience. Come along on a slow journey to paradise.

**INSTRUCTOR:** DONNA KEEL ARMER, Author of *Solo in Salento: A Memoir*, and a frequent traveler to Italy has resided in Beaufort, SC with her husband Ray since 2014. Her past careers in planning, transportation and hospitality have enhanced her ability to slow travel.

## **BUS100: ECONOMICS 101: UNDERSTANDING THE BASICS WITH A PANDEMIC TWIST**

2 sessions | Saturday | 10/17/2020,  
10/24/2020  
10:00 a.m. - 12:00 p.m. | Zoom

Supply and demand, price impact, the business cycle, the factors of production, fiscal and monetary policy, inflation,

recession, full employment, marginal utility, diminishing returns, quantitative easing ... these are terms we hear or read about often, but have you ever wondered what they really are, and what they actually mean for the average American? This course will help you wade through all the technical talk to gain a better understanding of key economic and financial forces that affect our lives, including the impact of COVID-19 on individual consumers and our economy. No prior knowledge is necessary.

**INSTRUCTOR:** JACK RABBITT earned a BA in Economics from Fordham University and devoted 20 years to retail banking as a regional executive in NYC. He then became the CFA/CAO of a restaurant management company, where he also handled development, marketing, and operations for 15 years.

## **COI102: COCKTAILS AND CONVERSATION- ANGELA SIMMONS, USCB VICE CHANCELLOR FOR STUDENT DEVELOPMENT**

1 session | Tuesday | 10/20/2020  
7:00 p.m. - 8:00 p.m. | Zoom

Join Angela Simmons, USCB Vice Chancellor for Student Development, as she talks about higher education and today's college student experience, COVID's impact on USCB, and her vision for the University. Reconstruction Era National Historical Park is based in Beaufort County, South Carolina and tells the story of the Port Royal Experiment and the birth of Reconstruction during and after the Civil War. However, a wide variety of National Park Service sites throughout the nation help tell this important story. This virtual program will feature a panel of National Park Service Rangers exploring how their sites interpret the story of Reconstruction.

**INSTRUCTOR:** CHRIS BARR is the supervisor for the interpretive programs at Reconstruction Era National Historical Park and has previously worked at Andersonville National Historic Site, Chickamauga and Chattanooga National Military Park.

## IST100: IMPLICATIONS OF A RISING CHINA

1 session | Thursday | 10/22/2020  
7:00 p.m. - 8:30 p.m. | Zoom

With more than a dozen years in the Pacific, as an Army General Officer and a Senior Executive with the Marine Corps, Craig had a front-row seat to China's hegemonic activities and bullying of its neighbors. This course explores what is happening on the other side of the world: geopolitically, militarily, and economically as China expands its sphere of influence. Students will learn about the strategic importance of the Malacca Strait, the South China Sea, the exploding growth of the Peoples Liberation Army, and China's encroachment on the "second island chain" – where the U.S. begins its day: in Guam.

**INSTRUCTOR:** CRAIG WHELDEN spent 30 years in the U.S. Army and another nine as a member of the Senior Executive Service (SES) with the U.S. Marine Corps. Along the way, he led soldiers, sailors, and marines at each level from lieutenant to General Officer to Senior Executive – with 12 of those years in the Pacific.

## LEG100: ALL YOU NEED IS LOVE (AND THESE 25 DOCUMENTS)

1 session | Thursday | 10/29/2020  
10:00 a.m. - 11:30 a.m. | Zoom

Most of us realize the importance of organizing financial and legal affairs so that loved ones and appointed agents will be able to step in and help with minimal difficulty in the event of our death or incapacity. However, because it's something most don't like to think about, many don't get around to doing it. This course - based, in part, on "The Conversation Project", a national program dedicated to helping people talk about their wishes for end-of-life care -- will help participants get started.

**INSTRUCTOR:** ROXANNE WATERS CHENEY retired from the Marine Corps as a Colonel in 2002. Seven years later, she combined her passion for organization

and elder advocacy into a new career: helping individuals and families with home organization and administration, and/or daily money management.

## GAR101: SUSTAINABLE LANDSCAPE DESIGN

1 session | Thursday | 10/29/2020  
12:30 p.m. - 2:00 p.m. | Zoom

This class will introduce the principles of design with an emphasis on low impact landscaping, use of native plants, lawns, and the benefits of building soil rather than relying on chemical fertilizers and pesticides. Best landscape practices: rainwater harvesting, stormwater management, plant selection, composition, use of sustainably sourced materials and planting for wildlife will also be covered in the presentation.

**INSTRUCTOR:** LAURA LEE ROSE is the Horticulture Agent and County Office Coordinator for the Beaufort County Clemson Extension office. She teaches the Master Gardener classes and provides lawn and gardening advice throughout the county.

## REL100: GREAT BIBLICAL PERSONALITIES

1 session | Monday | 11/2/2020  
3:00 p.m. - 5:00 p.m. | Zoom

As children, we learned about biblical heroic deeds and actions; but we often only skimmed the surface of the lives of these heroes. Their names have withstood the test of time, yet there is more to understand about the lives of Moses, Abraham, David, Sarah, Deborah, Jeremiah, Miriam, and others. Join us to learn: Who were they really? How were their actions determined by the age in which they lived? What caused them to sometimes brilliantly triumph, yet also stumble and falter? What additional information has been unearthed?

**INSTRUCTOR:** RABBI ROBERT HAAS, a native of McAllen TX, became the 14th spiritual leader of Congregation Mickve Israel in Savannah, Georgia in 2012. He is a sought-after comedian, lecturer, preacher, and interfaith leader who regularly speaks and performs for organizations, radio shows, colleges, theaters, houses of worships, and institutions.

We will get to know more about some of the engaging Lowcountry critters (such as alligators, snakes, and dolphins) that are found on and around the island and on the beaches. This class is perfect for those just moving to our area or those who want to know more about the wonderful environment we live in.

**INSTRUCTOR:** MARIE MCCLUNE has worked as an engineering geologist, environmental educator, and high school science teacher specializing in earth and environmental science. She is a Lowcountry Master Naturalist, a Master Gardener and is a docent at the Coastal Discovery Museum.

## HIS109: BECOMING HARRIET TUBMAN - HOW HARRIET BECAME MY PATRON SAINT

1 session | Tuesday | 11/10/2020  
12:30 p.m. - 2:30 p.m. | Zoom

Enslaved. Abused. Fugitive. Conductor. General. Legend. All of these describe Harriet Tubman. She has long been a historic icon. Several years ago, Natalie Daise set out to learn about her evolution from enslaved, functionally illiterate, brain-trauma survivor, to one of the most well-known icons of the Abolitionist movement and American History. First presented as a one-woman play, which debuted at ARTWorks in Beaufort, SC, and has traveled the country to excellent reviews, this presentation explores the research and creative process that allowed Daise to become Harriet and develop a relationship with her that continues to this day.

**INSTRUCTOR:** NATALIE DAISE, M.A. in Creativity Studies, has more than 30 years of experience in the field of creativity. She began her career as a storyteller, traveling the country with her husband to present the history and culture of the Gullah

Geechee Community. Following a stint as the stars and hosts of Nickelodeon and Nick Jrs. Emmy-nominated Gullah Gullah Island, she opened a studio on the South Carolina coast, where guests explored their creativity.

## **HIS110: 100TH ANNIVERSARY OF WOMEN'S SUFFRAGE**

1 session | Wednesday | 11/11/2020  
10:00 a.m. - 12:00 p.m. | Zoom

Women in the United States were granted, via the 19th Amendment, the right to vote in 1920, after a full century of protests and activist battles. The ratification of this amendment was decided by the single vote of a 23-year-old representative from Tennessee. This presentation will discuss the historical background, the key women that fought for this right, and review when women were granted the right to vote in countries across the world

**INSTRUCTOR:** STEVE EMERY has more than 40 years of experience in the healthcare medical and diagnostics industry. He has a keen interest in history, providing little known stories about major events (e.g., WASP of WWII), and in technology (e.g., Dutch Delta Works).

1 session | Thursday | 11/12/2020  
12:30 p.m. - 2:00 p.m. | Zoom

In this course you will meet the Owner and Artist, Danny McSweeney of McSweeney Clay Studio located in downtown Beaufort, SC. Danny will introduce his process and Studio where he will demonstrate clay as a medium and one of the many ways it can be used to create your own art. A tour of the studio and a Q&A will be part of this course.

**INSTRUCTOR:** DANNY MCSWEENEY, artist and native of the southeast, is truly a master teacher of pottery. After formalizing his skills at the Kansas City Art Institute, Danny returned to SC to make pottery his own way, mixing his own clay and glazes.

## **PGD101: STRESS RELIEF: MEDITATION, JOURNALING & ADULT COLORING**

1 session | Thursday | 11/12/2020  
3:00 p.m. - 4:30 p.m. | Zoom

In this course, OLLI members will learn different strategies for dealing with stress. This includes how to begin a meditation practice, how journaling can be fun and helps to deal with stress and how to use adult coloring books to give your mind a break. Students do not need anything to participate in this class, but if you would like to have an adult coloring book and watercolor markers or colored pencils on hand, you may want to use them during the class. Cathleen recommends the Mandalas to Color adult coloring book and the Arrtx watercolor markers.

**INSTRUCTOR:** CATHLEEN KAHN has a master's degree in business education (MBE) from Middle Tennessee State University (MTSU). In the corporate world, Cathleen worked for a knowledge

management company where she was on the development team for a certification course which included a module on time management. Cathleen is an author and a yoga studio owner.

## **SCI 102: WOMEN OF SCIENCE WHO HELPED MAKE TODAY'S WORLD**

1 session | Thursday | 11/12/2020  
10:00 a.m. - 12:00 p.m. | Zoom

Since 1901 there have been nearly 500 recipients of the Nobel Prize in the sciences, but only 10 have been women. The sciences were thought to be tough, rigorous, and not for women. Even today, women who chose to enter the field face discrimination. They were denied education, worked in substandard facilities, were refused faculty positions, and were paid little or nothing. Their love of science, native intelligence, and hard work brought about changes to science and our world. This class introduces some of the women who excelled in their fields.

**INSTRUCTOR:** ALBERT E. HEACOX has degrees in Biology and a Ph.D. in Zoology. He has post-doctoral training at the University of Cologne in Germany, worked for the USDA, and since 1985 has held several leadership positions in the biomedical industry.

## **SPO102: THE MENTAL GAME IN GOLF AND LIFE**

2 sessions | Tuesday, Thursday | 11/17/2020, 11/19/2020  
12:30 p.m. - 2:00 p.m. | Zoom

The so-called "mental game" is more accurately a combination of our mental, emotional, and behavioral games - all of which must be attended to when improving our psychological performance in sport and life. Topics covered within this framework include goal setting, confidence, concentration, motivation, emotional control, stress management, pressure, choking, relaxation, imagery, and burnout. Attendees can expect to leave with practical ideas they can take directly to the course, court, and field, as well as to their personal daily living. The intricacies of sport and life are all beautifully intertwined.

**INSTRUCTOR:** TOM DORSEL, Ph.D. is Professor Emeritus of Psychology at Francis Marion with degrees from Notre Dame, Kentucky and New Mexico. Along with 3 books, 150 journal/magazine articles and 10 ESPN appearances, he served as sport psychologist for the Fighting Irish.

1 session | Thursday | 11/19/2020  
10:30 a.m. - 12:00 p.m. | Off-site

Class participants will bike ride during this insider's tour of how communities across America have turned rails into trails. Instructors will offer history, health and environmental lessons learned during acquisition, planning and development of the Spanish Moss Trail the 10-mile scenic greenway in northern Beaufort County. The trail is a 12-foot wide, paved pedestrian and bike trail open for the enjoyment of bikers, runners, walkers and fishers, as well as bird and nature

enthusiasts. Please bring a functioning bicycle, a bike helmet, and a full water bottle. CDC guidelines are implemented to ensure everyone's health & safety. The following guidelines are required for participants: Masks during initial group instruction, social distancing at a minimum of 6' apart, participants are required to bring their own drinking water and bike. Each participant is required to wear a bicycle helmet.

**INSTRUCTOR:** DEAN MOSS is the Executive Director of the Friends of the Spanish Moss Trail and an avid cyclist.

FRANK EMMINGER is an active member of the Board of Directors with the Friends of the Spanish Moss Trail with an emphasis on bringing points of interest and history to life along the trail.

## **HIS111: TRIANGLE FACTORY FIRE: KILLED 146 AND SAVED MILLIONS**

1 session | Monday | 11/30/2020  
10:00 a.m. - 12:00 p.m. | Zoom

The story of the historic 1911 Triangle Shirtwaist Factory Fire in New York City will cover what led up to it, how it happened, labor conditions that saved untold numbers of workers, and the aftermath which includes the little-told story of the lawsuits that followed leading to further victimization and revolution in industrial safety standards. The story will be told through the eyes of victims, spectators, and those who came after them.

**INSTRUCTOR:** SANDI VITO, former Secretary of Labor & Industry in Pennsylvania, currently serves as Executive Director of the SEIU Training and Upgrade Fund in New York. Received an economics degree from Stockton University, a labor history graduate from CUNY, and has written widely on labor and health policies.

## **GAR102: TO PRUNE OR NOT TO PRUNE**

1 session | Monday | 11/30/2020  
3:00 p.m. - 5:00 p.m. | Zoom

Pruning a shrub or small tree is a lot like surgery. Knee replacement for a bad knee? Plants might not develop bad knees exactly, but they can get too large for the place they are planted. They can

develop rashes from crossing limbs and broken branches from wind damage. This class identifies pruning techniques for maintaining shape, thinning, removal of diseased/broken/crossing branches, and maintenance of size.

**INSTRUCTOR:** BILL CAMP is a retired professor of agricultural education and a certified Lowcountry Master Gardener. He posts a series of lawn tips on Nextdoor every year and teaches workshops on lawn care for other Master Gardeners and homeowners.

## **HIS112: THE ASSASSINATION OF PRESIDENT LINCOLN AND ESCAPE OF JOHN WILKES BOOTH**

2 sessions | Tuesday, Thursday | 12/1/2020, 12/3/2020  
10:00 a.m. - 11:30 a.m. | Zoom

The circumstances surrounding Lincoln's assassination are as mesmerizing today as they were 155 years ago, and questions still linger. Did Lincoln have premonitions about his assassination? Why was his only guard drinking in a tavern across the street on the night he was assassinated? Why did General U.S. Grant suddenly leave town instead of attending the play with the Lincolns? How was Booth able to escape so easily? Is Lincoln's assassin buried in an unmarked grave in Baltimore as history records, or will the DNA being sought by descendants show that Booth escaped and possibly lived under an alias for 38 more years?

**INSTRUCTOR:** PATRICIA G. "PAT" MCNEELY, USC Professor Emerita, taught writing and reporting in the journalism school for 33 years. Before joining the USC faculty, McNeely was a reporter and editor for The Greenville News, The State, and The Columbia Record.
